In his one short year with us Dr. Daly has, by his practical determination and far-reaching policies, made Charity a more vital part of the community than it ever was before.

As internes, residents, and now as Clinical Directors of Charity, Doctors O'Neil, Prejean, and Thomas have by their keen interest and quiet efficiency endeared themselves to students and staff alike.

# CLINICAL PRACTICE

Trial blackouts proved that gigantic Charity Hospital can be successfully darkened in one minute and fifteen seconds.

# HOSPITAL BLACKOUT

We are fast learning to meet the emergencies of a national crisis. Our clinical experience this year has been expanded to encompass details which we pray God we may never be called upon to use—but details so vital to patients, staff, and citizens at large, that we are doing our utmost to educate ourselves for war-time living and war-time nursing.

We look back with a slight nostalgia to the time when words such as "blackout," "first aid," "volunteer work," "preparedness" were foreign to us—but we look forward to the ultimate triumph of our country with a feeling of confidence that we shall have done our part willingly and skillfully.

Senior students in First Aid classes learn to treat injuries without benefit of the doctor's skill or of hospital equipment.

Blackout shields and special painting precautions hide the powerful operating room lights from the outside view.

# CLINICAL PRACTICE

Accident Room . . . Medical Clinic . . . E. N. T. Clinic.

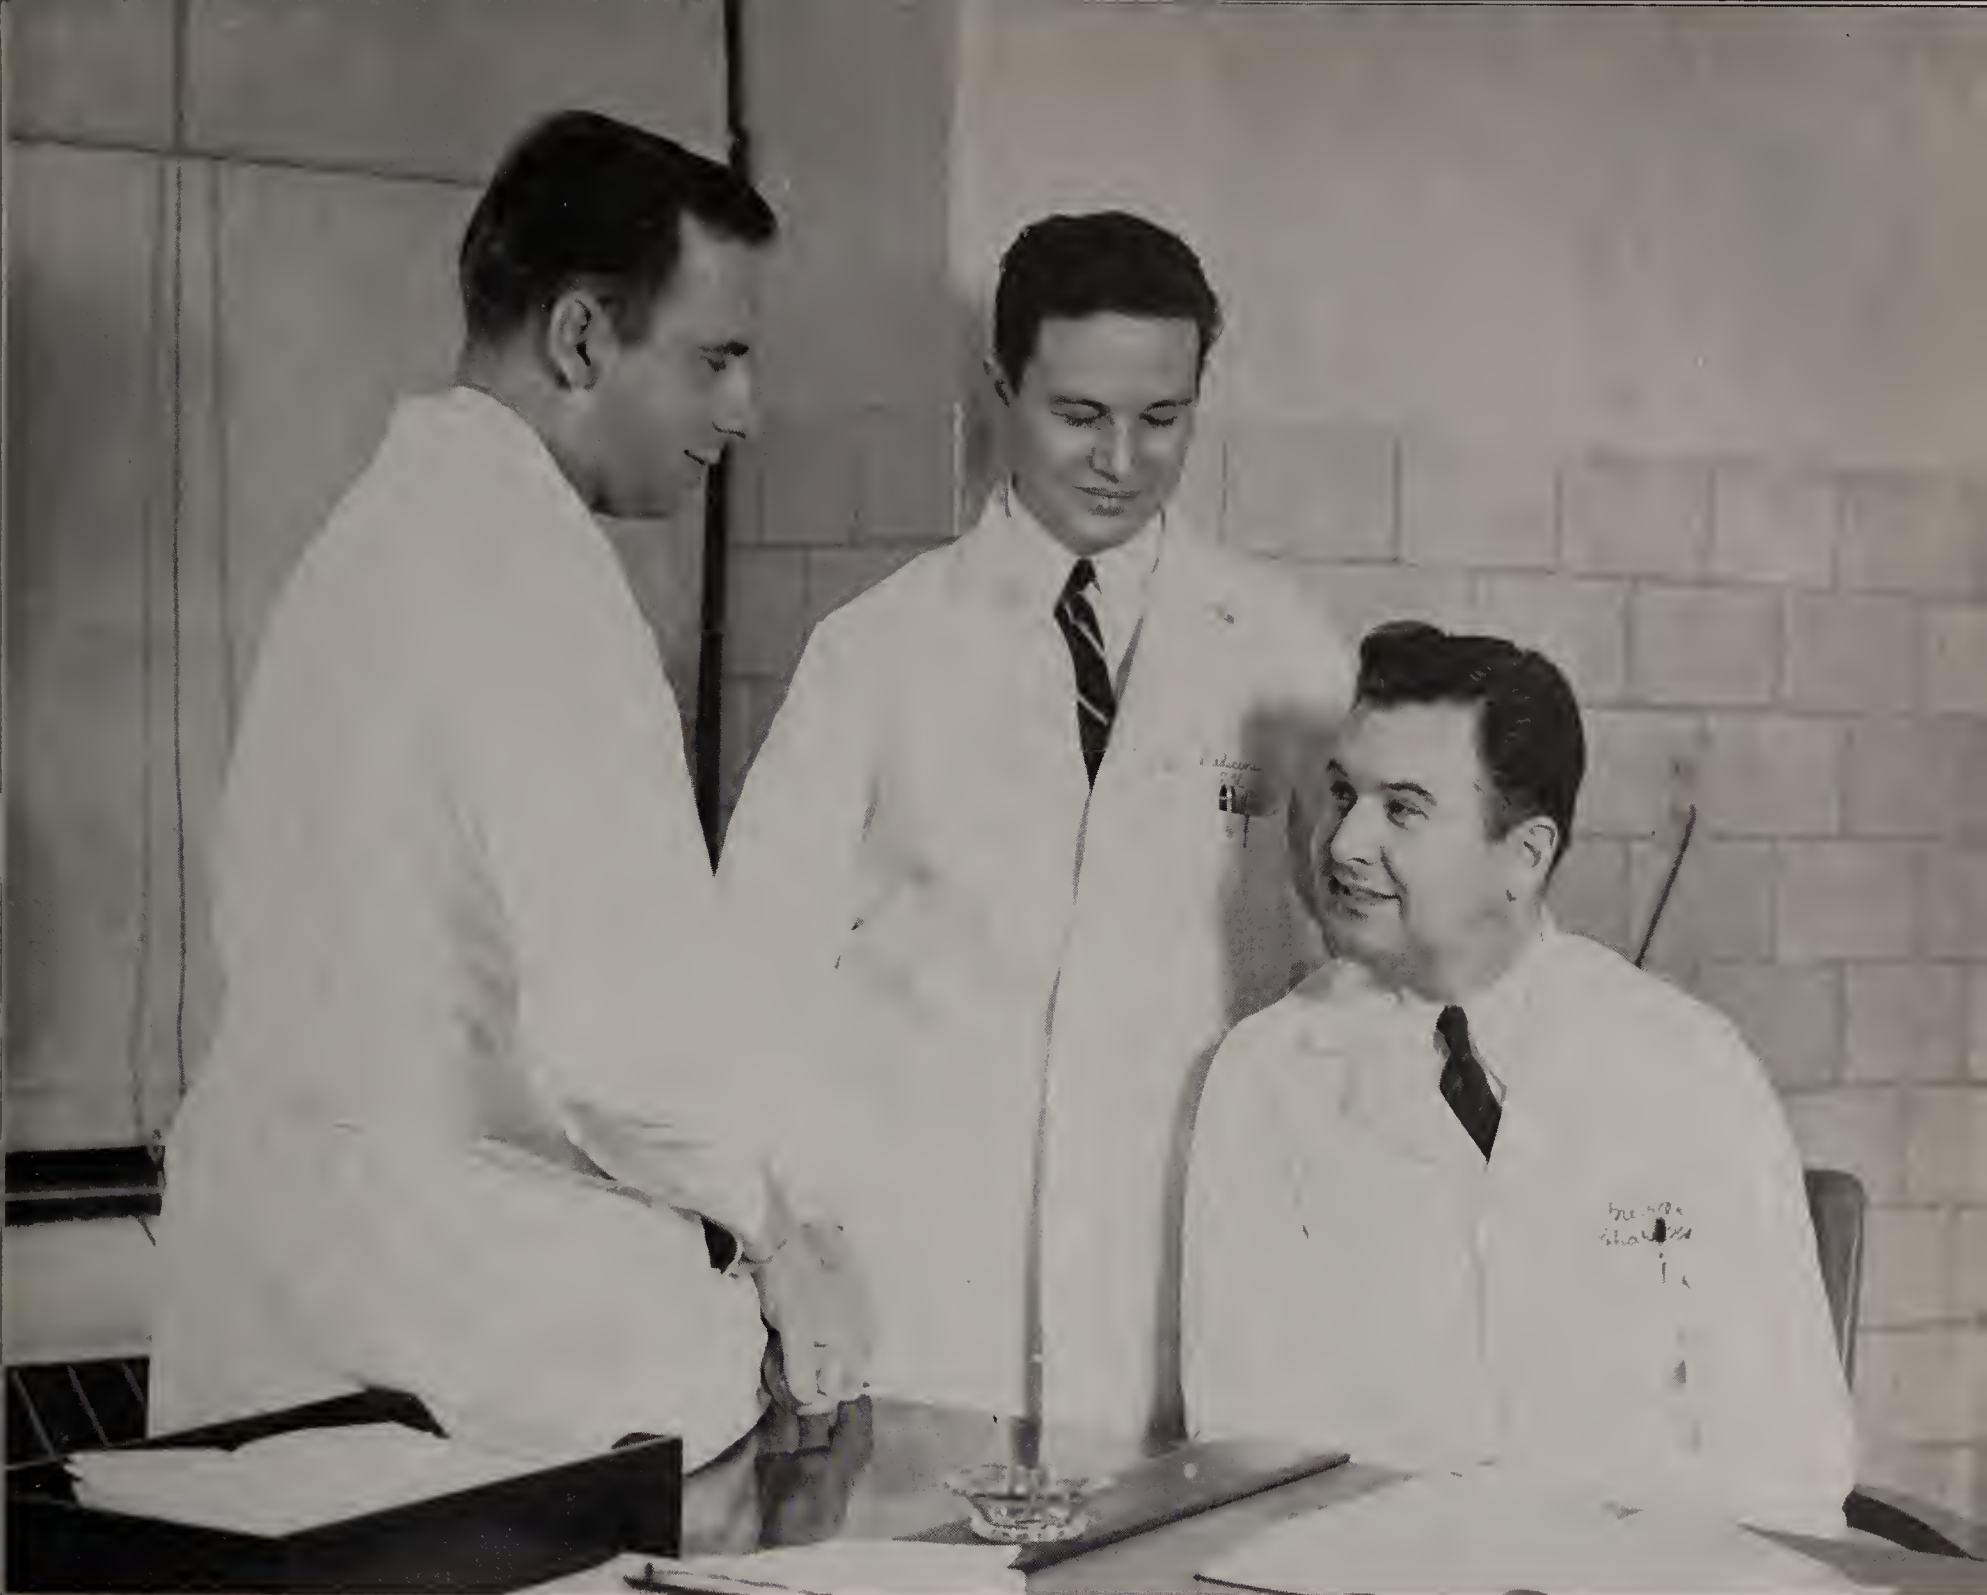

Our clinical practice is the true test of nursing ability. Here we put to actual use the principles learned through many hours in the classroom and laboratory.

The Nursery

Assistant Clinical Directors, Drs. Prejean, Thomas, and O'Neil, pause during the busy routine of the day for a brief chat.

•

The scrub nurse carefully carries out the procedures in which she has been instructed.

Student services are many and varied. It is here that we realize the full meaning and richness of the words, "the **art** of nursing."

## DAY IN A NURSE'S LIFE WITH MARTHA MILLIGAN

1. Woe betide those who fail to hand in time calendars before 6:30 a. m.
2. Grace before breakfast starts the day off right.
3. Morning Circle—the ward's "setting-up exercise" whereby students and graduates review technics and procedures and study disease conditions, thereby becoming more responsive to the tasks before them.
4. The nurse's daily dozen—taking t.p.r.'s.
5. Favorite meeting place—three times a day!

1. Oh, the utter futility of life when our mailboxes reveal only a laundry slip and a time calendar!

2. Readin', 'ritin', and 'rithmetic for the P.C.'s—Psychiatry, Neurology, and Professional Adjustments for the mighty seniors.

3. C.H.S.N. receiving and broadcasting station—Ye Olde Smoking Room—Hears much, sees everything, and tells plenty.

4. "The professor's running overtime again and I just don't get it."

5. "Dere Mable" comes to life in Literary and Dramatic Club readings.

2:22 a.m. "Mmmmm . . . Mrs. Hughes, won't you please go 'way and let me sleep!"

Protestant Chapel arose from within us as an urge that all of us do our best. Its purpose is to further the students in their religion that they may feel the strength that comes from doing their best. Organized in 1938 under the leadership of Dick Rollins, city-wide Baptist Student Secretary, it is composed of a religious council of denominations represented in the organization.

# A P P R E C I A T I O N

Dear Friends:

Today is one of such beauty that one would like to roam all over the woods. How nice it would be to walk aimlessly with friends and absorb the living beauty of friendship.

It is with much joy and pride that we present our yearbook. Its publication would have been impossible had it not been for you and your constant and never-failing interest in us.

Many have been inspirational to us. Miss LeDew has been invaluable in her constant careful watch over our interests and her knowledge and time have been ours. For this, we are indeed grateful.

To the many members of our class who have sold apples and popcorn, and to one invaluable one who even cackled like a rooster for us—it is because of your help that we have succeeded.

Others have been especially helpful and patient: Mr. Famularo bringing us coffee; Katie remembering everyone's name; Julie keeping track of us; Mr. Trice giving us material; the faculty giving their time for pictures; the students cooperating at all times; the supervisors letting us get picture snoopers; Mr. Moore making everyone feel a little bit happier; Mr. Benson being a true friend; and our roommates being able to live with us through it all. To all of these, we say, "Thanks a million."

Ours is a noble heritage and such true friends are a never-failing inspiration to keep it so.

It is with sincere faith that we breathe a silent prayer that all may remain forever united by the bonds of friendship.

THE STAFF.

## THRIFTY

A penny saved is a penny for a defense stamp! Your gas range will be a helpful ally in your campaign against waste if you follow these simple rules:

DO plan complete oven and broiler meals, so that gas is not used for just one food such as a cake or chops.

DON'T preheat your oven or broiler too long. Remember gas is fast. Cold start is possible, if you prefer.

DON'T heat any more water in the kettle than necessary. The speedy gas range will heat quickly next time you need it.
